

Get your chance

Eisenmann Environmental Technology is a leading company in the field of environmental technology and offers innovative, resource-friendly turnkey solutions worldwide, which are adapted to the individual requirements of our customers. The wide product range includes plants for exhaust air treatment and heat recovery, waste water treatment and water treatment, waste disposal and recycling of valuable material as well as plants for ammunition disposal.

Eisenmann Environmental Technology GmbH is a member of Deurotech Group GmbH.

We are expanding and for our headquarters in Böblingen we are looking as soon as possible:

Mechanical Design Engineer (m/f/o) Plant Engineering

Your tasks

- Construction of plants, devices, air guiding systems and pipings
- Generation, alteration and adaption of assembly groups, lists of parts as well as single part drawings, production drawings and assembly drawings
- Contacting suppliers for technical clarification during the lay-out design
- Contact person (m/f/o) for the adjoining departments and suppliers up to end of the commissioning
- Cooperation with the Planning department and support of the Sales Department

Your profile

- Engineer or professional school graduation in the field of Plant- or Mechanical Engineering or similar qualification
- Several years of work experience in a similar position as Mechanical Engineer / (m/f/o) in Plant Engineering would be advantageous, but not compulsory
- Profound knowledge of 3D-construction, Autodesk Inventor Professional 2021/2022
- Knowledge in the field of 3D-plant layout and P&ID, Autodesk AutoCAD Plant 3d 022 is an advantage
- Flexibility, readiness to take on responsibility and willingness to travel in a small extent

We offer

- A secure job with long-term perspectives in a future-oriented industry
- 13th monthly salary and holiday pay as well as an above-average number of leave days (30 days)
- Occupational pension
- Flexible working times with flextime system and overtime pay
- Individual internal and external education opportunities
- Varied challenges and comprehensive adjustment to your new job in the team
