

Get your chance

Eisenmann Environmental Technology is a leading company in the field of environmental technology and offers innovative, resource-friendly turnkey solutions worldwide, which are adapted to the individual requirements of our customers. The wide product range includes plants for exhaust air treatment and heat recovery, water purification and water treatment, waste disposal and recycling of valuable material as well as plants for ammunition disposal. Eisenmann Environmental Technology GmbH is a member of Deurotech Group GmbH. We are expanding and for our headquarters in Holzgerlingen or our location in Recklinghausen we are looking as soon as possible:

Service Technician (m/f/o) Environmental Technology / Process Engineering

Your tasks

- Responsibility for inspections, maintenance and service operations
- Coordination and site management of plants or trades with internal and external personnel at the customer's site as well as commissioning of our industrial plants
- Performing complex emission measurements
- Independently running customer training courses
- Supporting and advising customers in the event of technical problems
- Identifying energetic optimization potentials
- Preparation of damage and service reports

Your profile

- Completed industrial training e.g. mechatronics engineer (m/f/o) or process engineer (m/f/o)
- Professional experience in a comparable position in the engineering industry is an advantage
- Knowledge of DVGW (German Technical and Scientific Association for Gas and Water) and UVV (safety/occupational health) would be an advantage
- Good German and English language skills
- Enjoy organizing and managing construction sites and willingness to travel internationally
- Ability to work independently, good communication skills and organizational strength

We offer

- A secure job with long-term perspectives in a future-oriented industry
- 13th monthly salary and holiday pay as well as an above-average number of leave days (30 days)
- Occupational pension
- Flexible working times with flextime system and overtime pay
- Individual internal and external education opportunities
- Varied challenges and comprehensive adjustment to your new job in the team
